combo

available in 6 colors

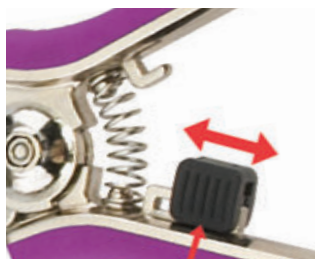

### Shear Blade

Forged Stainless Steel blades resist corrosion and rust. Designed for general garden cleanup or household use.

### Bypass Pruner Blade

Forged Stainless Steel blades resist corrosion and rust. Bypass blade cleanly cuts up to 1/4" green, live stems with ease.

### Locking Mechanism

Sliding lock mechanism assures blades won't open unexpectedly. Easy to use and a great safety feature.

### Stainless Steel Spring

Durable Corrosion-proof spring ensures cutting tools open smoothly for a lifetime of service.

*Professional Quality for Life*
