

# Plastic Shut-Off Valve

## 22318 QAV Plastic Shut-Off Valve

Made in the U.S.A. of ABS plastic, the QAV shut-off is lightweight and durable. Perfect for everyday use. The QAV shut-off can handle professional duty.

Our single-piece handle design ensures that the valve handle and body remain as one part, preventing slippage and leaking that can occur from a two-part design.

### Specifications

Hose thread fittings  
ABS Plastic  
15 gpm @ 40psi

Made in U.S.A.  
Weight: .05 oz.
